RE: Arizona Water Company Request for Additional Time to Comply with Filing
Requirements of Decision No. 67826
Docket No. W-01445A-04-0773

On May 5, 2005, in Decision No. 67826, the Arizona Corporation Commission approved an extension of the Certificate of Convenience and Necessity of Arizona Water Company for its Casa Grande system. Due to unexpected delays on the part of the developer, Arizona Water Company is requesting an additional 365 days, until May 5, 2007, to file a copy of the developer's Certificate of Assured Water Supply.

Arizona Water has fulfilled the other compliance requirements in the Decision. However, the developer of the Villago project, the project to which the service territory will be extended, has informed Arizona Water Company that it will not receive its Certificate of Assured Water Supply until possibly 2007.

Staff has no objections to the requested 365-day extension of time (from May 5, 2006 to May 5, 2007) to comply with Decision No. 67439.
